"How unfair these raters be,  
Not putting me atop the tree!"  
...identity withheld but pretty obvious

LAPUTA is an occasional publication by and for the Postal Diplomacy Rating Commission, a voluntary association of curators of postal Diplomacy rating systems. It is automatically sent to members of the Commission. Interested parties may subscribe (on a delayed basis) @15¢ an issue. A copy will also be deposited with the Postal Diplomacy Archives in Lebanon IN. This issue is Pandemonium Publication #572, edited and published by Rod Walker, 4069 Jackdaw St., San Diego CA 92103.

THIS issue constitutes Update #1 to LAPUTA 6. It is based on input from Walt Buchanan and myself. Walt has made some changes and corrections to the listings for the Calhmer System, and has provided some additional info on several games.

My input is based on some additional research in EVERYTHING and also on a policy decision. I have decided to delete all local games from the STARS & BARS system. That would seem to make this a unanimous policy of all members of the Commission (Jeff Key??).

Inputs and changes are indicated by game number below. Please make notations on one of your copies of LAPUTA 6.
